H.C. Burleigh, M.D., C.M.,
Bath, Ont.

Dear Dr. Burleigh:-

I am sorry I did not give you sufficient details in my last letter (11th Dec.) for you to identify the correct Philip Eamer and Peter Eamer about whom I was enquiring. I thought you would have identified them from my letter of 15th October, as being the only Eamers on the official W.E.L. list.

I have checked over the names you have supplied in your letter and find I already have all of this information and copies of O.C.'s applying. You did ask if Philip Eamer was the one born in 1750 or 1862. I did not appear to have a Philip born on either of these dates, so assume these dates were mentioned to illustrate your point.

I would rather have had you say how much money I should send you, but, since you didn't, I hope the

Cheque for \$10.00 enclosed will be satisfactory. Up until now, I have done all my investigating personally.

Thank you so much for your interest and wishing you a Happy New Year, Sam

Loyally yours

Roger A. Eamer U.S.

Also retired (1960)

Thank you for the
information that the
company, the United States
has invested a large amount of
money in the
construction of the
new power house.

Very truly yours,
Walter H. Brown, Jr.
